EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dale Regelman on December 15, 2006.

The application has been amended as follows:

Claim 1 has been canceled.

In line 1 of each of claims 2 and 3 "6" has been replaced with -- 6 -- .

Claim 12 has been amended as follows: --

12. (Amended) A method to resolve stereoisomers of [an optically active compound comprising an amine moiety] -- **methylphenidate** -- , comprising the steps of :

providing a mixture comprising [two stereoisomers of a compound comprising a amine moiety] -- **d-threo methylphenidate and l-threo methylphenidate** -- ;

supplying l-fenchyloxyacetic acid;

treating said mixture with said l-fenchyloxyacetic acid; **and**

collecting [one of said two or more stereoisomers] -- **d-threo methylphenidate** --
having greater than a 99 percent enantiomeric excess. --

The following is an examiner's statement of reasons for allowance: Independent claims 6 and 12 are now deemed to distinguish in view of respective recitations of resolving d-threo stereoisomer of methylphenidate in view of the particular resolving agent utilized, l-fenchyloxyacetic acid. The Affidavit and Remarks submitted November 2, 2006 were persuasive concerning lack of predictability of success, or uniformity of success, using diverse forms of oxyacetic acids other than the claimed fenchyloxyacetic acid.

Support for language for amending claim 12 to recite obtaining of the "d" isomer of methylphenidate having greater than a 99 percent enantiomeric excess is found in the Specification page 6, lines 3-6 and page 7, lines 5-8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
